

| | Title | First Author | First Author | Affiliation | Type of MS | Vol | Iss | DOI | Affiliation | Affiliation(漢字) |
|---|--|--------------|--------------------|--|-------------|-----|-----|-------------------|--|--|
| 1 | Role of tumor-associated macrophages in human malignancies: friend or foe? | 竹屋 元裕 | Motohiro Takeya | Kumamoto University | Review | 66 | 9 | 10.1111/pin.12440 | Kumamoto University Department of Cell Pathology, Graduate School of Medical Sciences | 熊本大学大学院生命科学研究所 細胞病理学分野 |
| 2 | Role of the Keap1/Nrf2 pathway in neurodegenerative diseases | 山崎 博未 | Hiroshi Yamazaki | Hirosaki University | Review | 65 | 5 | 10.1111/pin.12261 | Hirosaki University Graduate School of Medicine - Department of Stress Response Science | 弘前大学大学院 医学研究科 高度先進医学研究センター分子生体防御学講座 |
| 3 | The origin and future of oxidative stress pathology: From the recognition of carcinogenesis as an iron addiction with ferroptosis-resistance to non-thermal plasma therapy | 豊國 伸哉 | Shinya Toyokuni | Nagoya University | Review | 66 | 5 | 10.1111/pin.12396 | Nagoya University, Graduate School of Medicine Department of Pathology and Biological Responses | 名古屋大学大学院医学系研究科 病理病態学講座生体反応病理学/分子病理診断学 |
| 4 | Cancer stem cells and epithelial-mesenchymal transition: Novel therapeutic targets for cancer | 石渡 俊行 | Toshiyuki Ishiwata | Tokyo Metropolitan Geriatrics Hospital | Review | 66 | 11 | 10.1111/pin.12447 | Tokyo Metropolitan Geriatrics Hospital Research Team for Geriatric Pathology | 地方独立行政法人東京都健康長寿医療センター老年病理学研究チーム |
| 5 | Frequent loss of the expression of multiple subunits of the SWI/SNF complex in large cell carcinoma and pleomorphic carcinoma of the lung | 吉本 多一郎 | Taichiro Yoshimoto | Jichi Medical University | Original | 65 | 11 | 10.1111/pin.12350 | Jichi Medical University, Department of Integrative pathology | 自治医科大学 病理学講座 統合病理学部門 |
| 6 | Recent advances in renal cell carcinoma from a pathological point of view | 三上 修治 | Shuji Mikami | Keio University | Review | 66 | 9 | 10.1111/pin.12433 | Keio University School of Medicine, Division of Diagnostic Pathology | 慶應義塾大学医学部病理学教室・慶應義塾大学病院病理診断部 |
| 7 | Multinodular and vacuolating neuronal tumor affecting amygdala and hippocampus: A quasi-tumor? | 山口 真希 | Maki Yamaguchi | Kyoto University Hospital | Case Report | 66 | 1 | 10.1111/pin.12366 | Kyoto University Hospital, Department of Diagnostic Pathology | 京都大学医学部付属病院病理診断科 |
| 8 | Extensive lanthanum deposition in the gastric mucosa: The first histopathological report | 牧野 睦月 | Mutsuki Makino | Shinonoi General Hospital | Case Report | 65 | 1 | 10.1111/pin.12227 | Shinonoi General Hospital, Department of Pathology | JA長野厚生連 南長野医療センター一篠ノ井総合病院 |
